Saudi Arabian Chevron (SAC) operates in the Partitioned Zone (PZ) that lies between Saudi Arabia and Kuwait. The two countries share the natural resources on a 50/50 basis, whereas SAC and KGOC jointly manage operations under the entity of Joint Operations. They operate the Export Terminal in Mina Saud and the oil fields of Wafra, South Umm Gudair, South Fuwaris, Humma, Arq and North Wafra. SAC's work location is in Mina Saud, Kuwait with support Offices in Houston, and Riyadh & Al-Khobar.

SAC's vision is growing together, the people, partnerships and the hydrocarbon resources of the onshore Partitioned Zone PZ. Its mission is to deliver to KSA, Chevron, employees, and stakeholders the greatest possible value in a safe and environmentally responsible manner, by efficiently exploring, developing and producing the hydrocarbon resources entrusted to us.

Guardian Commercial Company W.L.L.- was created by a group of Kuwaiti investors/managers with the goal of turning inefficient market practices into opportunities using their experiences and their local and global network. Since its inception, Guardian has focused primarily on the security and defense sector.

As an approved FMS contractor in Kuwait, Guardian kicked off its first project as a subcontractor providing support and services for a US-based defense main contractor. Guardian continues to provide these support services to its partners in the US who wish to pursue or execute projects in Kuwait, and other regions where our global network is of value.

Guardian also aims to work with international partners whether as an agent or distributor to provide cutting-edge technologies and solutions to both the private and public sectors in Kuwait and other countries of interest
